## Anybody got a chainsaw?

Posted by queenfabulous - 2008/03/11 22:53

---

I'm sure one of you out there has a chainsaw. Would anyone be willing to loan it to me so I can clean up the "extra" branches on the shrubs outside my house?

Even better - would anyone be willing to come to my house and trim the extra branches off the shrubs outside my house using their own chainsaw?

A bit late here but I have two Stihl Super Farm Boss "loaned" from work. Chainsaw pruning...my favorite kind. No wimpy bypass hand pruners for me...:lol:

Also today I'm shearing my leyland cypress trees with the Stihl extended trimmers i.e. hedge trimmers on a stick. Wonderful manly stuffB)
