I got a bunch of ideas for my Hobie Kayak and Kayak Fishing in general from this site the forum there is a great resource for information and stories.<http://www.kayakfishingstuff.com/>

Here's the 2006 Hobie decked out with outriggers/sponsons, GPS, and Humming bird Fish Finder. I have a Sail for it too, would have come in handy on a few of the float trips down the Shenandoah. Hobies site is <http://www.hobiecat.com/kayaking/index.html>
